## Grille Definitions

- **Grilles-Between-The-Glass.** Prefinished aluminum grilles situated between the window panes where they are safe from dust, dirt and damage.
- **Two-Toned Grilles.** 3/4" profiled aluminum grilles finished white on the interior with any of our 8 standard clad colors on the exterior.
- **Full Surround Removable Wood Grilles.** Grilles that snap on and off of your window's interior for easy cleaning.
- **Simulated Divided Lites.** Combines historically authentic grilles on the interior and exterior surfaces of your glass with grille work between the glass; stronger, more energy efficient and more affordable than true divided lites.
- **Optically Divided Lites.** Prismatic tape applied between the panes of glass to add the drama and illusion of cut glass; available in an array of patterns, including custom designs.
