

Double Hung Windows

Security For Your Home

Our stylish recessed lock and concealed keeper look great and create a secure, weathertight seal.

Clean Your Windows From Indoors

Both sash tilt in using recessed latches and can be removed to simplify cleaning.

Count on Our Construction

Ours are made of solid wood for beauty and performance that lasts. Our block and tackle balance system keeps your sash from sticking, binding or falling. A built-in lift rail eliminates screwed-on hardware.

relax

Optional Jamb Liner

An optional vinyl jamb liner with a solid wood insert is available to conceal the balance system. All hardwood species have a matching insert; pine units have a maple insert. Clad units also have a matching exterior clad filler.

A Time-Honored Classic

Our classic double hung windows are popular for their timeless beauty and ease of use. Both sash open so you can enjoy fresh air from both portions of your window at the same time. Select from a variety of grille options.

Optional Colonial and Prairie Grille Patterns
